Conference announcements:

- All conference events will take place in **building B** (see maps and conference program)
- Coffee breaks will be held in the main foyer on the ground floor (building B)
- Lunch will be served in the cafeteria and in the main foyer on the ground floor (building B)
- Poster sessions will be held in the main foyer on the first floor (building B)
- The exception is Dr. Susanne Cook's workshop (day I, panel session 2, 11:15–13:15), which will be held in **building A**, third floor in the computer room, room number A3.20.
- Please note, that places for this workshop are limited (24 people) so please register for it when you pick up your conference materials at the conference registration desk.
- The conference registration desk will be open in the main foyer on the ground floor (building B):
    - on Friday (September 15th) from 16:30 to 18:00
    - on Saturday (September 16th) from 8:00 to 10:15
    - on Sunday (September 17th) from 8:00 to 10:15
- Important: conference materials can also be picked up later at **the conference office – room B0. 21** (luggage storage will also be available there)
- The Gala Dinner will be held on Saturday (September 16th) starting at 6:30 pm at the NOVOTEL Centrum Katowice hotel. The hotel is located at 16 Walenty Rozdzienski Avenue in close proximity to the Faculty of Humanities of the University of Silesia (9-minute walk across the campus of the University of Silesia, see map).
- Internet access for conference guests will be available:
  network: **logopedia**
  password: **icaconference**
- Please join us for the ICA membership meeting on Sunday September 17th, 2023 from 14:15 to 14:45 in room B1.34, first floor.
- **Gareth Walkom** – **withVR**, will be available during the whole conference in room B1.36 (first floor building B). withVR provides customizable virtual reality speaking situations to support speech therapists and researchers in empowering individuals to use their beautiful voices. We proudly collaborate with leading experts from 100+ clinics, labs, and hospitals from 30+ countries worldwide. withVR is an award-winning, evidence-based, innovative tool created by Gareth Walkom, who stutters and has been publishing, reviewing, advising, and talking about virtual reality for speech therapy since 2015.
